

# Get involved and help protect your local beach-nesting birds!

*Indented Head, Saturday 12 August 2017*

## Are you who we're looking for?

You can learn more about the Red-capped plover, one of Australia's most tenacious beach-nesting birds at this BirdLife Australia workshop. All are welcome!

## This little Aussie battler needs your help!

Improving and protecting the coastal habitat for beach-nesting shorebirds is incredibly challenging given these birds nest in areas so popular for human recreation.

On the outdoor field trip you will learn how to identify Red-capped plovers and interpret their quirky behaviours.

Learn of the threats faced by these birds, the efforts to improve their breeding success and how you can get involved!

**When:** Saturday 12 August 2017  
**Location:** Indented Head Community Hall:  
opposite 326 The Esplanade,  
Indented Head  
**Time:** 9:15am (9:30 start) to 12:30pm

*Light morning tea generously provided by Bellarine Bayside Coastal Management. Please advise of any special dietary requirements at time of RSVP.*

*This workshop includes a field trip – please bring appropriate weather protection (raincoat, sunhat etc), water bottle, and binoculars if you own them.*

**Please RSVP by 1 August 2017**
